“A” Rating maintained for past 7 years

Curriculum & Faculty

- The aim of the curriculum and faculty is to foster a close-knit community of learning centered around the cultivation of moral and intellectual excellence.
- The high school has a faculty of 18, half of whom hold advanced degrees in their fields. School-wide, the faculty-to-student ratio is 1:19 (1:13 in high school).
- Students follow a cohesive, content-rich, college-preparatory liberal arts curriculum. Courses are rooted in primary sources and the Great Books, and students are taught using a balance of lecture and Socratic method, with a priority on intellectual analysis and frequent articulation through conversation and writing.
- High school courses are rigorous and follow a coherent trajectory. Advanced Placement (AP) coursework is available to upperclassmen. Students enrolled in AP courses are encouraged to take the corresponding exams.

Senior Tutorial

All seniors must work with a member of the faculty to produce a capstone senior thesis paper in which they study a classic work in an attempt to grapple with an enduring human question. Students present and defend their theses orally in front of a panel of teachers and their peers.

Graduation Requirements

Students with strong grades receive an Indiana Core 40 Diploma with Academic Honors. All students take math, science, literature, and history courses each year of high school, as well as an additional core class that includes Composition, Logic & Rhetoric, Government & Economics, and finally Moral Philosophy & the Senior Tutorial. Students begin studying Latin and French in fourth grade and must continue in Latin through Latin III at a minimum. In addition, students must take Health and two semesters each of PE and Fine Arts.
